Don Dennis
Statewide Roofing
8291 State Street Rd.
Box 151
Port Byron, NY 13140

Dear Don,

I am more than happy to write a letter of Testimony for you.

This is the second job we have used Statewide Roofing. In both cases you and your crew did a wonderful job.

Given that we are a church, you provided us with the needed flexibility to work around our schedule of morning Mass. And although it did not occur, you gave us the ability to change the schedule if we had a funeral. Your working around our service schedule is essential.

The work you did was professional, thorough and the crew was very neat. They were very mindful of our having a Saturday wedding and the need to have the property looking presentable.

In this day and age, it is hard to find a company that has the expertise to work on slate roofs. Our architecture is a source of pride for us, not only for us as church, but also for our community.

I would not hesitate to recommend your company.

Sincerely,

Meg CHaides
Business Manager
