

# ***Sisters of Saint Francis***

September 27, 2007

Mr. Donald Dennis, Jr.  
Statewide Roofing  
Box 151, Rte. 38  
Port Byron, New York 13140

Dear Don:

The Sisters of St. Francis and myself would like to take this opportunity to thank you and your dedicated staff for all of the work that you have provided to us over the past 10 years. With an older complex of both residential and commercial roofing needs, you have always come through with reasonable pricing, top notch workmanship and not to mention, your personal service.

You, at the helm of your business, represent a strong leader who gets the job done with kindness and compassion that is often missing in the business world. You have always been "just a phone call away" which has been reassuring during our times of need.

We look forward to our continued relationship for many years to come.

Sincerely,

Mary Jo Phillips, Director  
Human & Physical Resources
